

**PLANT PROTECTION PRODUCTS REGULATIONS 2005  
PLANT PROTECTION PRODUCTS REGULATIONS 2005 (NORTHERN IRELAND)**

(All references to this legislation in this Notice of extension of approved use and in any annexes to it are to the same as amended to the date of issue of this notice).

This extension of the approved use provides for the use of the product named below in respect of crops and situations, other than those included on the product label. Such an 'an extension of use', is at all times done at the user's choosing, and the commercial risk is entirely theirs.

The conditions below are obligatory. They must be complied with when the extension of use occurs. Failure to abide by the conditions of approval may constitute a breach of that approval, and a contravention of the Plant Protection Products Regulations 2005. For the purposes of this extension of use only, the conditions and/or requirements shown below supersede any corresponding conditions and/or requirements set out on the label or otherwise provided for under the main approval which would otherwise apply.

NOTICE OF Extension of use  
Number: 0787 of 2009

	Notice is hereby given that the Secretary of State, in exercise of the powers conferred by regulation 10 of the Plant Protection Products Regulations 2005 (S.I. 2005/1435) ("PPPR") has given
<i>Level and scope:</i>	an extension of the approved use of
<i>Product name:</i>	Lentagran WP containing
<i>Active ingredient:</i>	45 % w/w pyridate
<i>Product approval holder:</i>	Belchim Crop Protection NV/SA (Company registration no. 0458.909.077)
<i>Marketed by:</i>	Belchim Crop Protection Limited under MAPP Number 14162

**AS FOLLOWS:**

**USE:**

*Field of use:* **ONLY AS A HERBICIDE**

<i>Crops/situations:</i>	<i>Maximum individual dose: (kg product / ha)</i>	<i>Maximum total dose: (kg product / ha / crop)</i>	<i>Maximum number of treatments:</i>	<i>Latest time of application:</i>

*Operator Protection:*

- (1) Engineering control of operator exposure must be used where reasonably practicable in addition to the following personal protective equipment:

Operators must wear suitable protective gloves when handling contaminated surfaces.

- (2) However, engineering controls may replace personal protective equipment if a COSHH assessment shows that they provide an equal or higher standard of protection.

*Other specific restrictions:*

- (1) This product must only be applied in accordance with the terms of this approval, the product label and/or leaflet and any additional guidance on extensions of use.
- (2) This product must only be applied in accordance with the terms of this authorisation, the product label and/or leaflet and any additional guidance on extensions of use.

HSE Digital Signature

Date of issue: 19 September 2017

Date of expiry: the final expiry date of use for the authorised product (unless otherwise stated)

## **EXPLANATORY NOTES**

1. This Notice of Extension of use is number 0787 of 2009.
2. This notice will be published on the website of the Chemicals Regulation Division of the HSE.
3. Application Reference Number: COP 2010/00607 PP

## **ADVISORY INFORMATION**

This Extension of Authorisation relates to the use of 'Lentagran WP' (M14162) for use as a herbicide on yellow lupin in a water volume of 325 to 400 litres of water per hectare. Applications to be made via conventional hydraulic sprayer. Apply only where crops are dry.

Growers are advised to test a small area of crop prior to widespread commercial use as crop damage is possible.

Use on blue and white lupin is not recommended because of potential crop damage.

This authorisation has been re-issued to amend the expiry date in line with the parent authorisation.
